## FUTURE BATHROOM

Softly design leads to be more future and fashionable  
technology... Each design not only requires the use of the  
bathtub, but also requires that the owner's taste and style be  
clearly demonstrated, and it requires closeness to natural  
beauty.

## Sleep enhancement

Research conducted by the National Sleep Foundation reveals that 66 percent of adults report having problems with sleep. They suggest a hot tub or spa as a natural aid to sleep. A warm soak in a hot tub provides the right combination of warmth and water motion. Hot tubs are more convenient than going to a hot spring because you can have a hot tub in your own home. Just relax in that tub.

## Milk · Bath

Survey conducted by the National Sleep Foundation reveal that 60 percent of adults report having problems with sleep. They suggest a bedtime ritual like a natural water for sleep. A study reveal that for cut people just the right combination of natural and water soaks. For tubs are some improvement too. In general, waiting for the water to fill the tub or guessing about the water temperature. Just take it and relax.
