

L-PWP80A

ABS FULL RANGE CABINET

- Water-proof cone
- Powerful and intelligible audio performance
- Suitable in humid condition
- Stylish design
- Simple power setting
- High strength and fire resistant ABS enclosure
- Easy installation and cost effective
- CE and RoHS complied

PRODUCT DESCRIPTION

L-PWP80A is a versatile, 80W cabinet loudspeaker intended for use in general indoor applications. The loudspeaker is ideal for use in theme bars, music restaurants, groceries, video shops, meeting rooms, office buildings, exhibition halls, gyms, and presentation rooms. Equipped with high linearity anti-fatigue rubber, the bass audio performance is free from distortion due to prolonged low-frequency operation. Treble circuit unit adopts dome Cortina design,

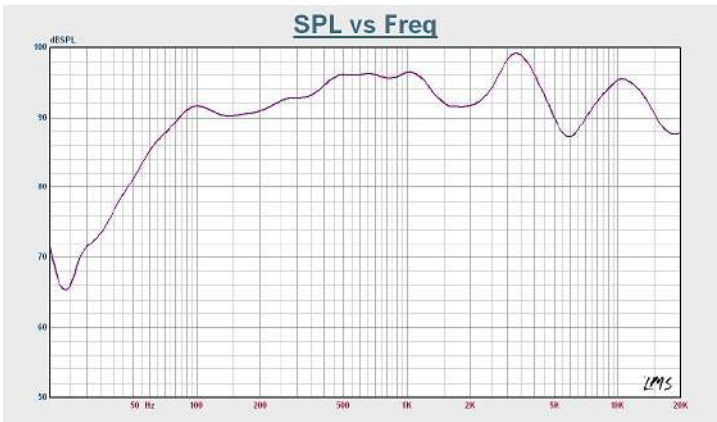

extending the treble range of frequency response and increasing the high quality acoustic performance. The traditional screw type terminal makes it easier for connection. A 5-step volume can be controlled by knob console on the back box. The adjustable installation brackets flexibly position the loudspeakers that meet the needs of different indoors sound field characteristics. The loudspeaker is CE and RoHS complied.

Technical Specification

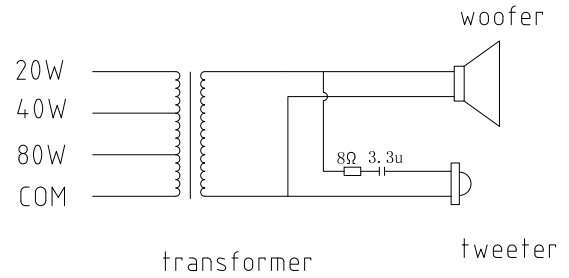

Max power	100 W
Rated power	80 W
Power taps @ 100V	80 W / 40 W / 20 W
Power taps @ 70V	40 W / 20 W / 10 W
SPL at 80W / 1W (1kHz, 1m)	113 dB / 96 dB
Frequency range (-10dB)	60 Hz - 20kHz
Dispersion angle (1KHz / -6dB)	135 °
Rated impedance	125 Ω / 250 Ω / 500 Ω

Rated input voltage	100 V / 70 V / 8 Ω
Connector	Binding post terminals
Dimensions (W×H×D)	275 × 455 × 261 mm
Diameter of speaker	8" woofer, 1" tweeter
Weight	7.5 kg
Color	White (RAL9003)

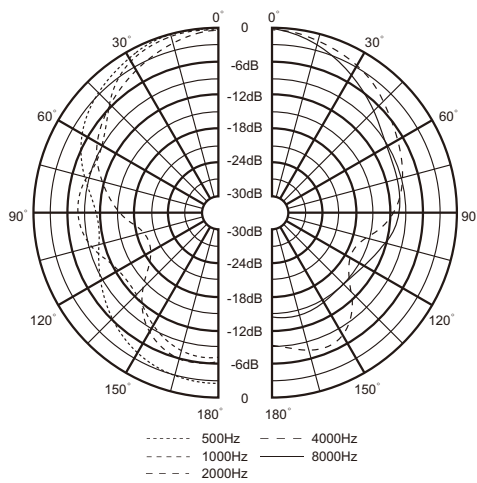

Frequency Response
